Deliberative Process Privilege Certification

I, Nancy Kuhn, Director, Office of the City and County of Denver Department of Transportation and Infrastructure, am the custodian of the items contained on the spreadsheet marked Deliberative Process Log, February 27, 2026, Exhibit A.

I hereby certify that these above documents were withheld from public disclosure in response to a records request by David Mintzer. The records withheld are candid, deliberative and pre-decisional in nature with respect to recommendations, discussions and final decisions by the City.

Public disclosure would be likely in the future to stifle frank and open exchange of ideas and opinions City regarding the final decisions that ultimately resulted from these emails. Disclosure would discourage discussion within the City and thereby undermine the ability of the Department of Transportation and Infrastructure and other City agencies participating in the decision-making to obtain and evaluate information and to provide information for a final decision. Disclosure would thereby cause substantial injury to the public interest.
